

CREATIVE/PRODUCTION INTERNSHIP

Graystone Church is a growing church in Loganville, GA with a passion and a vision “to know God and make God known”. In just eight years, we have grown to over 1,700 in attendance and was recently named the 39th fastest-growing church in the country according to Outreach Magazine. We are providing an internship opportunity where one will receive personal development, as well as witnessing and impacting lives being transformed through the power of faith and the Gospel. This internship program is designed to give one ministry experience, as well as a glimpse into the life of someone in ministry. This participant will gain valuable experience while working alongside Graystone staff members.

- You will have the opportunity to be trained, mentored, and stretched to become an empowered and effective leader both in your personal life and in the church world.
- You will have the opportunity to learn to work with and manage your time, deadlines, resources, and volunteers in an efficient manner.
- You will have the opportunity to be stretched to think creatively as a problem-solver in whatever area you are interning.
